

Wirral Environmental Network
In Partnership with
Wirral Lifelong & Family Learning service

Gardening Courses

What do I need to bring?

A4 notepad and file to keep handouts and other course materials. You will be helped to develop a folder and portfolio for future reference.

What do I get at the end of the course?

You will receive a certificate acknowledging your success at gaining the course outcomes and that you have participated in a structured and recognised course.

What progression opportunities are available after the course is finished?

You can progress onto other courses in the series. These will build on the knowledge and skills you have previously covered and help you develop. For further information please see the tutor.

How much is the course?

See individual courses

What if I have a disability?

Specialist assessment & equipment are available if you have a disability and/or specific learning needs eg. Visual impairment, dyslexia etc. For further info contact:
